- Improve Employability. Knowing how to use a computer makes you more valuable.

- Increased Productivity. Computers allow you to get more done faster. ...
- Career Advancements. No one wants to get stuck working the same job forever.
- Technologies offer considerable promise for meeting the needs of adult learners, because they can deliver learning in places other than classrooms, facilitate the efficient use of precious learning time, sustain the motivation of adult learners, and reach many different types of learners in the ways they learn best.

- Technology has the potential to eliminate some barriers to participation and address some of the unique needs of adult learners.
